

Leadership Experience at West Point

Are you ready to lead in a VUCA world?

The U.S. Army coined the acronym VUCA in the 1990s to describe the post-Cold War operational environment: Volatile, Uncertain, Complex and Ambiguous. Under these conditions the Army developed doctrines and procedures that allowed leaders at all levels to respond effectively. You are invited to join those who have reached the highest levels of military service to explore lessons of the past and apply them to present day leadership and business challenges facing our rapidly changing insurance industry.

What are the outcomes of the Leadership Experience?

- Find out what it takes to be an exceptional leader in the 21st Century along with strategies for reaching those standards
- Understand how to shape your leadership philosophy into behaviors that inspire your team and align with the corporate vision
- Gain insight into principles of good order and teamwork through military-style experiential learning activities designed to challenge all levels of ability
- Discover why values-based leadership builds trust, stirs loyalty and creates environments that accomplish greatness
